

ZSP CO

Zarif Sanat Pishro engineering Co

Manufacturer of
Steel structures, cable tray, cable ladder,
Conduit tube and related accessories.

ZSP CO profile:

Zarif Sanat Pishro Engineering Company was founded in the year 2008, aimed at manufacturing of cable tray, cable ladder, steel structures, power transmission towers, electrical substation, etc.

Currently, the manufacturing plant in an area about 2000 m², equipped with advanced automatic machineries with a capacity of approximately 10,000 tons per year is located in NasirShahr industrial city. In Jan. 2019, ZSP CO started its own hot dip galvanizing company in Parand industrial city to enhance quality products and fast delivery, parameters that stand points of strength of the company.

Our products:

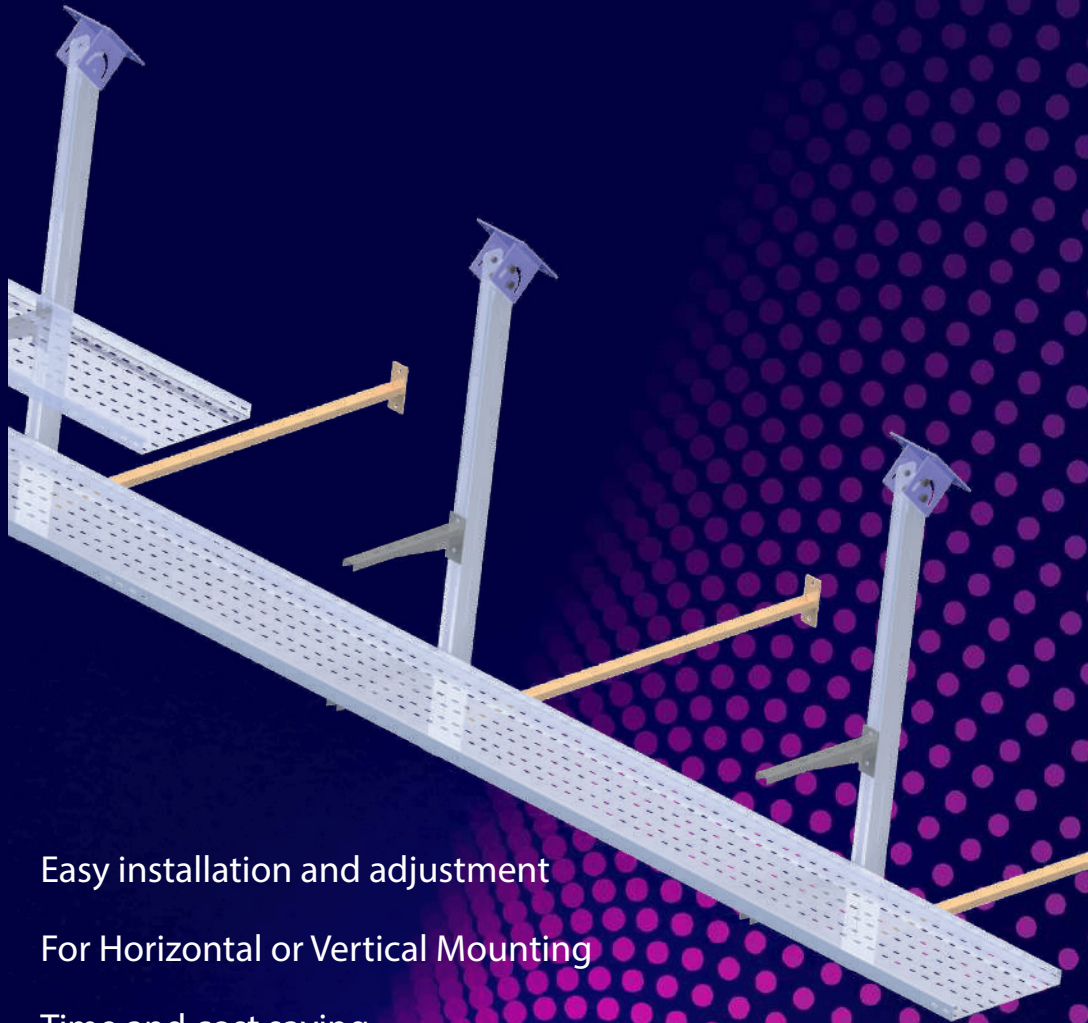

- Cable tray/ladder systems
- Cable supports
- Steel conduit tubes
- Refractory anchors
- Steel structures
- Electrical substation systems

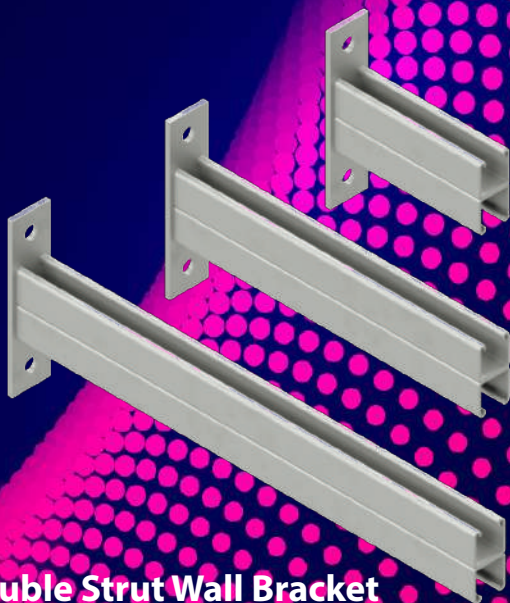

News is coming

High voltage busduct system in study phase

Cable tray/ ladder supporting systems

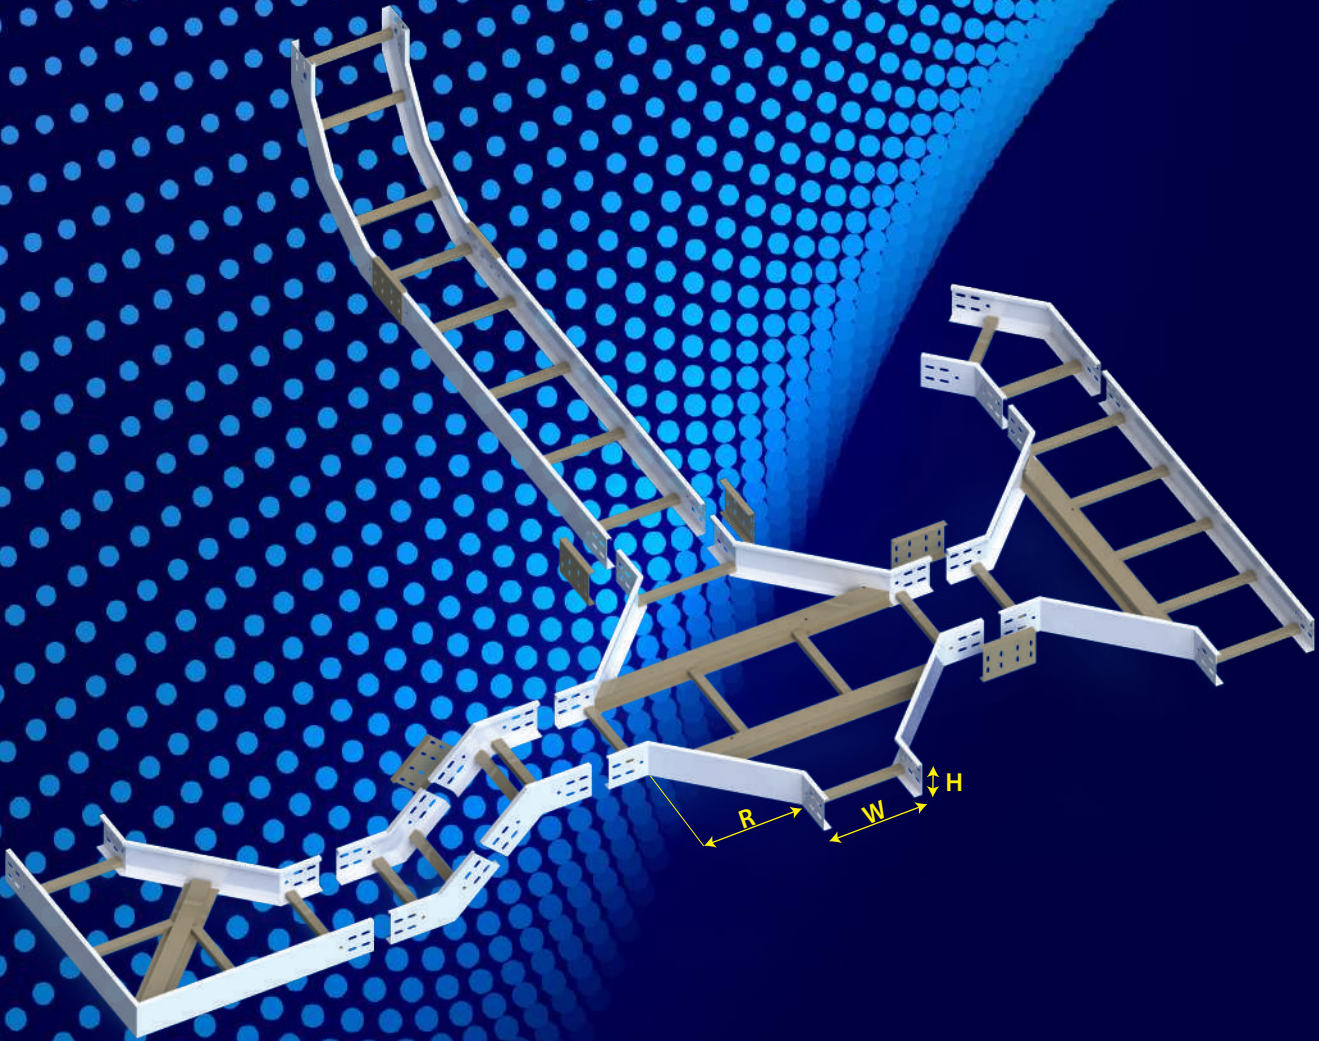

- Easy installation and adjustment
- For Horizontal or Vertical Mounting
- Time and cost saving
- Customized and Reliable

Double Strut Wall Bracket

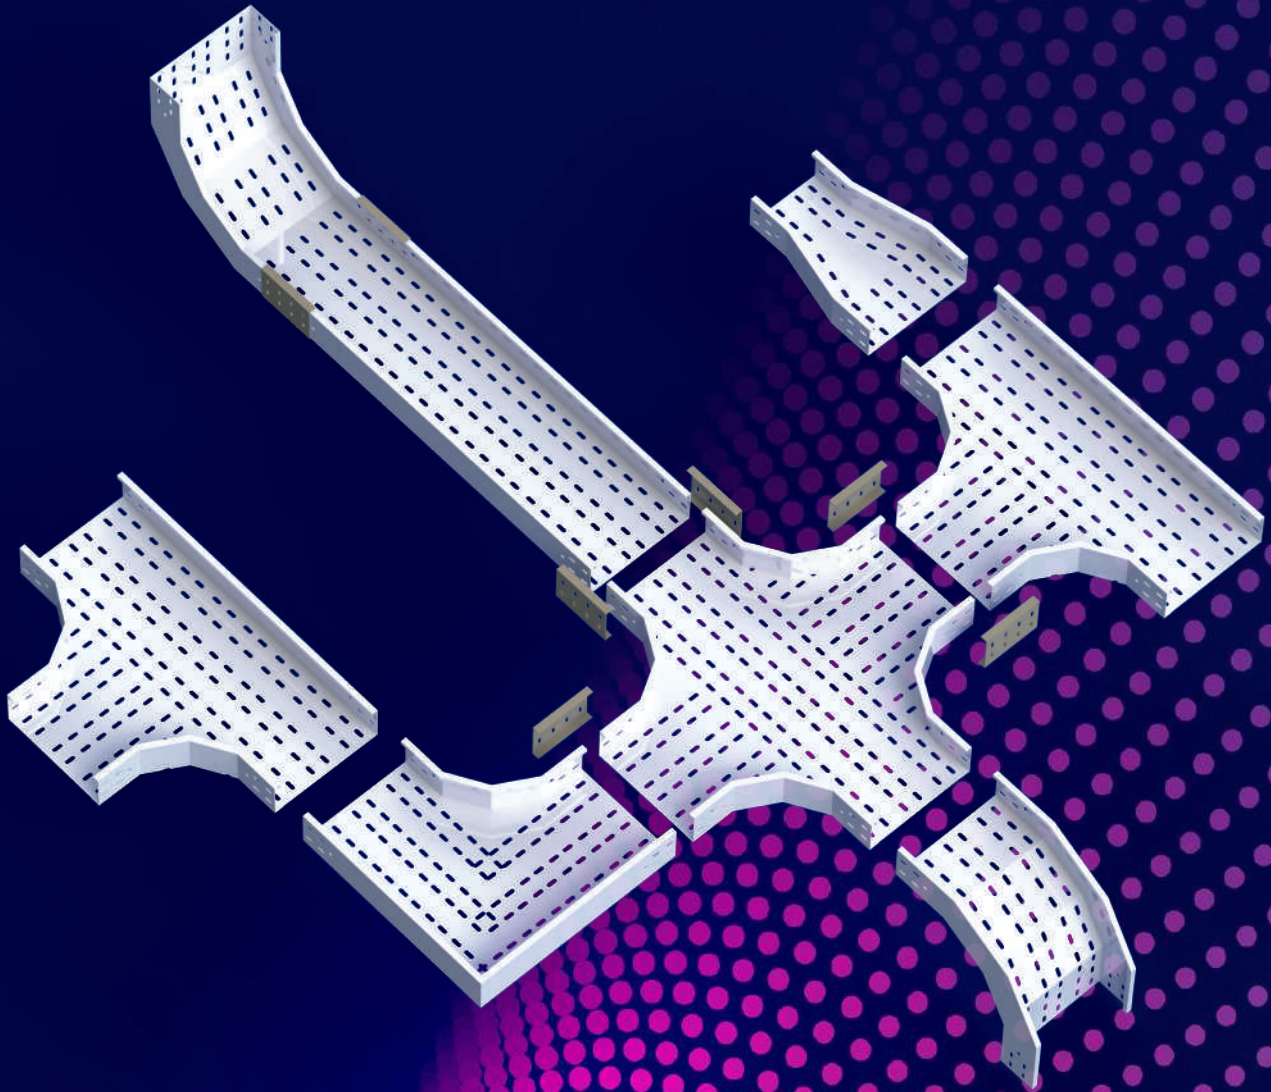

Cable ladder systems for running power or data cables

Material	Type
Aluminum	Heavy Duty
Pre-Galvanized Steel	
H. D. G. Steel	Medium duty
Stainless Steel	

General Specifications	
Width (size) (mm)	50 - 1000
Height (mm)	40 - 200
Radius (mm)	50 - 600
Thickness (mm)	1 - 2.5

Cable tray systems for running power or data cables

Sabalan Methanol Plant

Steel conduit tubes and accessories

- Galvanized steel conduit
- Black enamel steel conduit

Available in PG, Metric, Inch standard sizes

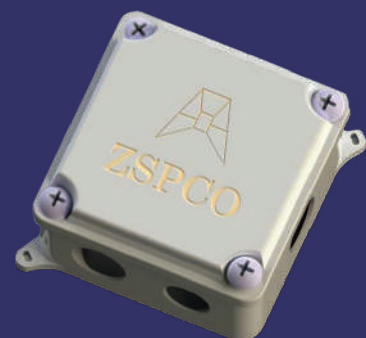

Supplied with suitable fittings

Junction Box

Available in different sizes

Provided with required Brass Bushing and Gland

Facilities and human resources

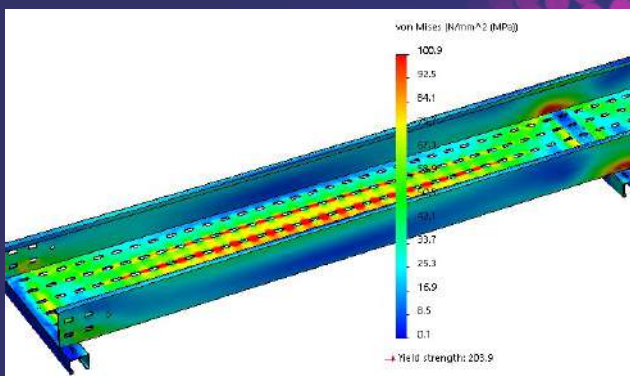

Semi-automatic manufacturing line for Cable tray/ ladder systems

Separate unit and equipment to work with special alloys

Adept engineering and manufacturing personals

Mechanical testing stands

Separate hot dip galvanizing facilities

Zarif Sanat Pishro engineering Co

More than a decade of experience

Our capabilities

Simple to highly customized Cable tray systems (In accordance with BS 61537)

Quality products and fast delivery

Unrivalled engineering and technical support

Cable tray and support designing service

Add: No. 7 , 5th Alley , Shohadaye Sanat St. , NasirShahr , Robatkarim , Tehran , Iran.
